

# MILK ROUND

**Do you like to support local businesses and love fresh produce?**

Our Grimshaw family at Smithills Open Farm have been milking cows in Smithills for over 30 years. We have recently installed a new pasteurising and bottling plant.

**This now allows us to deliver fresh milk to your doorstep!**

We are helping to protect the environment by not using plastic bottles, just using glass bottles that are reusable. Our unique 1 litre glass bottles have a screw top lid, this helps lock in the freshness and keeps the milk for longer.

Our eggs are free range from our chickens at Smithills and also other local free range egg suppliers.

All prices include delivery!
