

# Doorstep deliveries

## Do you like to support local businesses and love fresh produce?

Our Grimshaw family at Smithills Open Farm have been milking cows in Smithills for over 30 years. In January 2019, we installed a new pasteurising and bottling plant. We are proud to be supplying so many local people with local produce!

## This now allows us to deliver fresh milk and other dairy produce to your doorstep!

We are helping to protect the environment by not using plastic bottles, just using glass bottles that are reusable. Our unique 1 litre glass bottles have a screw top lid, this helps lock in the freshness and keeps the milk for longer.

Our eggs are free range from our chickens at Smithills and also other local free range egg suppliers.

All prices include delivery!

BRAND NEW!
